Color Speaks First

Zeftron nylon offers the exceptional advantages of a solution dyed fiber with the ultimate in styling sophistication and flexibility. Each proven color, including those in our Brilliant, Metallic and Designers Select Collections, is a clear saturated hue making for unlimited color possibilities.

All Zeftron colors are rigorously tested to ensure premium color consistency and contain a minimum of 25 percent recycled content. Backed by constant research and innovation, Zeftron offers lifetime warranties for colorfastness, stain removal, wear and static control.

With 120 proven colors to choose from, Zeftron provides the inspirational palette needed for any design vision you have in mind.

Using all the Zeftron colors is a snap.

Simply use the URL shown below to download the Zeftron Color Swatch Palette in Adobe Swatch Exchange (ASE) format to integrate our fiber colors into your design software.
