COLLECTIONS

REFLECTIVE

ELEMENTS

A new level
of color
sophistication

Make Your Design Statement

Light, color and luster combine to form the new *Reflective Elements* collection from Zeftron® nylon. Created through advanced fiber engineering techniques, this collection of specialty accent yarn brings versatility and a look of sophistication to any commercial carpet no matter the market segment.

Every color is proven to perform and comes with a minimum 25% recycled content.

Zeftron nylon always delivers unmatched color clarity, styling possibilities and texture options.
